

INTEMA signs with value added Vancouver reseller.

Montreal, October 1, 2015: Intema Solutions Inc. ("Intema" or the "Corporation") (TSXV: ITM). INTEMA announces a value added reseller partnership agreement with GARANTEED SEO from Vancouver, Canada.

Adding to the already comprehensive offering of Web marketing services, GARANTEED SEO has become an official added value reseller of INTEMA's PREDICTIVE MARKETING ENGINE.

For nearly 20 years, GARANTEED SEO has been providing excellent service to customers in support of their online marketing ventures. This new partnership means this high level of service now extends to another marketing technology and provides customers access to even more innovative solutions.

"INTEMA focuses on predictive analytics integrated in emails campaigns and on prescriptive personalized website content, where other competing solutions do not get involved in the integration of content identified through predictive modeling of clients' data" says Roger Plourde, Intema's CEO.

"The PREDICTIVE MARKETING ENGINE is a complementary product relative to the overall scope of our business model," says Eric Ayache, founding partner and Chief Revenue Officer at GARANTEED SEO. "This partnership means our customers can feel confident they are doing business with an industry leader who is dedicated solely to their online success."
