

INTEMA Announces \$500,000 Offering of Units to Existing Shareholders

Montreal, December 10, 2015: Intema Solutions Inc. (“Intema” or the “Corporation”) (TSXV: ITM) is proposing to raise up to \$500,000 by way of a non-brokered private placement (the “Offering”) of up to 25,000,000 units of the Corporation (“Units”), each Unit consisting of one common share (a “Share”) and one-half of one Share purchase warrant (a “Warrant”), at a price of \$0.02 per Unit. Each Warrant will entitle the holder to purchase one Share at a price of \$0.05 per Share for 12 months.

The Corporation intends to make the Offering in accordance with *Regulation 45-513 Respecting Prospectus Exemption for distribution to existing security holders* and various corresponding blanket orders and rules of other Canadian jurisdictions that have adopted the same or a similar exemption from prospectus requirement (the “Existing Security Holder Exemption”). The Corporation may, at its discretion, also accept subscriptions pursuant to other prospectus exemptions available under applicable law.

Subject to certain limitations discussed below, the Offering is open to all existing shareholders of the Corporation until January 29, 2015. Any existing shareholders of the Corporation interested in participating in the Offering should contact the Corporation using the contact information set out below no later than January 25, 2015 so that subscription materials can be provided for completion and returned to the Corporation no later than January 27, 2015. The Corporation may close the Offering in several tranches during the course of the Offering.

Regardless of the amount raised under the Offering, the Corporation will use the proceeds for purposes of working capital and to maintain and preserve its existing operations, activities and assets. More specifically, the Corporation will use up to \$250,000 of the proceeds of the Offering to pursue its ongoing research and development activities and up to \$250,000 will be used to commercialize its existing products.

The Shares and Warrants issued under the Offering will be subject to a hold period expiring four months and one day from the date of distribution of the Units.

The Corporation has set December 8, 2015 as the record date (the “Record Date”) for the purpose of determining existing shareholders entitled to purchase Units pursuant to the Existing Security Holder Exemption. Subscribers purchasing Units under the Existing Security Holder Exemption will need to represent in writing that they meet certain requirements of the Existing Security Holder Exemption, including that they were a shareholder of the Corporation as of the Record Date and still are a shareholder of the Corporation. The aggregate acquisition cost to a subscriber under the Existing Security Holder Exemption cannot exceed \$15,000 unless that subscriber has obtained advice regarding the suitability of the investment and, if the subscriber is resident in a jurisdiction of Canada, such advice is obtained from a person that is registered as an investment dealer in the subscriber’s jurisdiction. The Offering is being allocated to subscribers on a “first come, first served” basis whereby the subscribers who are first to submit a completed subscription agreement and pay the corresponding subscription price will be accepted until the Offering is fully subscribed.

The Offering is subject to the approval of the TSX Venture Exchange.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined on policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
